# ABOUT THE COMPANY

Today We Have Started Thinking About This Company Very Seriously. If You Think Of Today In India, The Educated Unemployed Youth Is Rich In Abundance. If The Five Lakh Young People Are Employed In One Year, Pandhra Can Get Lakhs Of Educated Unemployed Young Students, So That We Can Think Of How Much Job Is Needed Right Now.

Today, If You Want To Start A Business, You Have To Spend Lakhs Of Rupees But Even If You Do Not Have Enough Money, Then How To Do Business And How To Live? The Big Question Is Standing In Front Of The People. It Was So Expensive Today That Ordinary People Could Not Afford It. The Company Has Planned That At Least One Million People Can Work Here And Earn Money.

# VISION

The road to your dreams isn't always easy to navigate, sometimes dotted with mountains to climb, obstacles to overcome - and hard, mind-numbing times that will make you feel like quitting. Just remember this if you get lost along the way, anything worth having doesn't come easy. So don't turn back around. Don't give up.

When it is at rest, a vessel's weight is borne entirely by the buoyant force. At low speeds every hull acts as a displacement hull, meaning that the buoyant force is mainly responsible for supporting the craft. As speed increases, hydrodynamic lift increases as well. In contrast, the buoyant force decreases as the hull lifts out of the water, decreasing displaced volume.
